- 4. How video games were invented
- 5. Games are not only for fun but also for learning
- **A.** The first video games were just for fun and entertainment. They didn't help people learn anything. So, many parents started to think that games were bad for children and could teach them nothing. Now we know that there some video games which are good for intellect and different skills. Teachers begin to use such games in education and their students really like it.
- **B.** Most video games are very long, so games spend many hours in front of the screen. If you don't take a break to relax your eyes, you may have problems with in the future. You can get Computer Vision Syndrome (CVS) which means problems for your eyes. Sitting by the computer for a long time is bad not only for people's eyes but also for their necks and backs.
- C. What can we do to cut the negative effects of computer screens? The first thing is to sit correctly. When you play a video game, the distance between your eyes and the screen should be big. The display and your eyes should be at the same level. Secondly you should take a break every 20 or 30 minutes. Thirdly, there must be no glares (блики) on the screen.
- **D.** The health of your eyes depends on what you eat. Vitamin A is the most important for your vision. When people get older they often have eye problems. When they eat vitamin A, the risk is smaller. You should eat carrots and other yellow, orange and red vegetables. The second component for healthy eyes we find it in walnuts and seafood.

Now we are ready to start.

Tim: Hi, Sue. I would like to invite you to my birthday party on Saturday.

Sue: Hi, Tim! It's so nice of you. And what time will the party begin?

Tim: At 4 o'clock. We are going to meet at a café.

Sue: Let me think... You said "4 o'clock". On Saturday I always have my English and Maths lessons. And I finish at three. Then I need about half an hour to get back home. I am afraid I won't come at four o'clock.

Tim: Oh, don't worry if you are a little late.

Sue: Really? I think I will be fifteen minutes late, then. And what is the address of the café?

Tim: I don't remember the address\$ you know the place really well. It's on the ground floor of the sports Olymp near our school.

Sue: Oh, sure. But as far as I know, there are two cafes on the ground floor. Am I right?

Tim: I mean the one near the bowling club on the same floor. We are going to play bowling after the meal.

Sue: That's a cool idea. I have never played it before! I think it will be great!

Tim: You will like it! Believe me.

Sue: How many people are coming?

Tim: There will be seven of us – my parents and I, you, Jenny, Robert and Linda.

Sue: And what about Mary?

Tim: I am afraid she won't come. She is ill and she is staying at home.

Sue: Oh, I see. I'll call you on Friday then.

Tim: Ok, I'll send you an SMS to remind you of the time.
